Dress Code Reminder

Summer is just around the corner. We realize shorts, tank tops and flip flops will be the summer uniform. However, please review the items below so that you can help us keep all of our students in dress code for the remainder of the year.

*Shorts...just above the knee.

*No **spaghetti straps** tops for girls. For girls, it should be approximately 3 finger widths, but regular short sleeved shirts are recommended.

*No muscle/tank tops for boys.

***SNEAKERS, SNEAKERS, SNEAKERS!** No flip flops! No open toed sandals...strongly discourage crocs – difficult to run in.

Dear KES Volunteers,

There are only 13 more days of school!! Can you believe it? The calendar is busy with activities and field trips, and I know that you will be helping in so many different capacities. Thank you!! Our teaches and staff couldn't do the things they do without your help. Just a few reminders...

*Always sign in and out using the computer at the front office.

*Always wear your yellow volunteer badge when volunteering in the school.

*If pictures are taken of children other than your own, they can not be posted on social media.

*Please remember that you are truly appreciated!!

Remaining copies will be on sale in the front office, on a first come-first served basis, BEFORE school, beginning Monday. Please send \$30 cash or check (made payable to KES PTO) or a money order, to the front office between 8:00 – 8:30. (**sales will be before school only**). Yearbooks are "cash and carry" – so your child will be given their yearbook right away! Don't delay – we are not able to order additional copies!

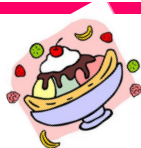

Summer Safety

As the temperature outside increases, so does our exposure to the sun and the water. We know how precious your children are to you so wanted to share a few safety reminders provided by the American Red Cross.

- *Swim in designated areas supervised by lifeguards.
- *Always swim with a buddy. Do not allow anyone to swim alone.
- *Ensure that everyone in the family learns to swim well. Enroll in age-appropriate Red Cross water orientation and Learn-to-Swim courses. Never leave a young child unattended near water.
- *Have young children or inexperienced swimmers wear U.S. Coast Guard-approved life jackets around water.
- *Establish rules for your family and enforce them without fail. For example, set limits based on each person's ability, do not let anyone play around drains and suction fittings, and do not allow swimmers to hyperventilate before swimming under water or have breath-holding contests.
- *Remember to stay hydrated. The sun can cause you to become dehydrated.

700 miles and counting!

Haley has hiked over 700 miles of her 2200 mile journey. She is sore and tired but loving every second. She almost stepped on a snake, a friend walked up on a bear, and a copperhead snake was in a shelter. She also saw amazing sunrises, beautiful sunsets, met great hiking buddies, and reached 700 miles!! This journey continues to be everything that she dreamed that it would be. She is making her way through Virginia and plans on hiking an average of 16+ miles per day. Treat yourself to wonderful writing and insight in to the life of a thru hiker by following her trail journal at www.trailjournal.com/Murphy.
