Flu Season

As we enter cold and flu season, here are some tips to reduce the spread of germs and viruses, including the enterovirus D68.

What can be done to reduce the risk of infection?

- *Wash hands often. Avoid touching your eyes, nose and mouth.
- *Avoid sharing cups or eating utensils with people who are sick.
- Disinfect frequently touched surfaces (e.g., toys and doorknobs).
- Stay home and see your health care provider if you are ill.

Children who experience difficulty breathing with cold symptoms should be evaluated by a health care provider.

Principal's Corner

Dear Ketterlinus Parents and Students,

Today is the 13th anniversary of 9/11. Although our students did not experience those tragic events first hand, they took the opportunity to thank our local heroes who came to visit our school with a "grab and go" breakfast. Several of the classes made thank you notes and staff made treats for our St. Augustine Police and Fire department and St. Johns County Sheriff and Fire Department. On the morning news, a special Words of Wisdom was shared by Kyle Gillespie on 9/11 - a Day to Remember and Serve by honoring those that serve our country by giving back to our community. We shared with students that the flag was at half-staff for those who lost their lives on 9/11. I'm very proud of our students and staff for taking the time to honor our local heroes. If you see a hero - whether they wear a uniform or not, take the time to thank them.

Have a great weekend,
 Kathy Tucker

Dear KES Volunteers-

I am happy to say that I have processed all of the volunteer applications submitted this school year. I will be sending emails this weekend to confirm your volunteer status. If you do not receive an email from me by the middle of next week, please send me an email requesting an update on your application. Just a reminder: In order to participate in any of our special events, attend field trips, watch performances, visit the classroom, or have lunch with your child, you MUST be an approved volunteer. You can find the "School Access" form on our school website. Please keep in mind that the approval process could take up to 4 weeks. Please share this information with grandparents, aunts and uncles, and siblings over the age of 18 who plan to visit KES.

Below is a list of current volunteer needs. Please let me know if you are interested.

**volunteers to assist in the lunchroom each day from 11:00 to 12:00

Looking forward to meeting each of you!

Ketterlinus is proud to announce that staff and students have access to Brain Pop, Jr., Brain Pop and BrainPop Espanol. In traditional, blended, and "flipped" learning settings, BrainPOP supports individual, team, and whole-class learning.

At school and in informal learning environments, our characters help introduce new topics and illustrate complex concepts. BrainPOP was conceived by Avraham Kadar, M.D., an immunologist and pediatrician, as a creative way to explain difficult concepts to his young patients. Parents can download an app to use at home.
